

Democracy becomes a farce if monopolies are allowed to thrive. The purpose of the FCC is to ensure that this does not happen- thus I am opposed to repealing the rules currently in place that prohibit a media company from owning both a newspaper and a TV station in the same geographic area! I have become so disillusioned with the mainstream press lately - such a lack of debate! As a regulatory governmental agency if the FCC fails to prevent such monopolies it is betraying the American people by contributing to increased corporate control, monolithic perspectives, and lack of competition! Do not repeal the current rules!
